

CASC Clinical Technician

5 days flexible across 7 days (35 hours)

Salary grade 4 – £26,579 - £30,379

Glasgow

The Royal College of Physicians and Surgeons of Glasgow is a worldwide community of inspiring health professionals working together to advance the profession and improve patient care. Together we're a force for good, determined to make a positive difference, and passionate about speaking up for the profession.

Our community is made up of the expertise and experience of our 15,000+ outstanding, hardworking members, supported by over 100 College staff. Together, our clinicians, all of whom give their time freely to the work of the College, and staff are committed to providing an innovative, relevant and inspiring programme of activity across the College, with the ultimate aim of enhancing patient safety.

With care and compassion at our core, our work is guided by our values of inclusivity, integrity, community, innovation, and inspiring, and we are committed to living these values and behaviours through the way we work and interact with each other. The College promotes an agile, flexible workforce and while this is a full-time post, applications from individuals seeking part-time, job-share, or flexible working arrangements are welcome.

The Role

Reporting to the Surgical Manager within the Education and Assessment Unit, the clinical technician is responsible for the effective day-to-day coordination of all clinical and technical aspects of the CASC simulation centre including maintenance and operation of the College's equipment at the Centre. CASC is a joint project with Glasgow University (GU), providing high fidelity simulation training for all stages of a doctor's career with either human cadaveric or animal tissues.

The post holder will be required to provide a full support service to include set up and breakdown, AV & technical services for the development and running of courses held within the TCal facility at CASC and to ensure all equipment/materials required are prepared and available in a safe and functioning way. In this role they will be supported by and will assist the Anatomy Technical staff of GU.

In addition to working within CASC, the post holder will carry out similar duties within the Macewen Skills Lab (in St Vincent Street) when required, supported by the Clinical Technician for Macewen.

How to Apply

Successful candidates will have the requisite ability and experience to meet the specific requirements of the post. If you believe you have the skills to join our team then apply by submitting your CV, with a covering letter and Equal Opportunities Monitoring form **via S1jobs**.

The closing date is Friday 18th June 2021 at 12 noon. It is anticipated that interviews will be held on Tuesday 29th June 2021.
