CONSULTATION:	Prevention and Management of Dental Caries in Children (PMDCC) Guidance: Review and Updating
ORIGINATING SOURCE:	Scottish Dental Clinical Effectiveness Programme (SDCEP)
CONTRIBUTORS:	Mrs Laura Mitchell, Secretary of the Dental Faculty
SUBMITTED:	29 th October 2013

Prevention and Management of Dental Caries in Children (PMDCC) guidance: Review and Updating

The SDCEP PMDCC guidance was published in 2010 with the aim of supporting Primary Care practitioners and their teams in improving and maintaining the oral health of their child patients. This guidance is currently being reviewed for updating.

The Guidance Development Group would value your comments on any aspect of the guidance and any suggestions for improvement.

We are particularly keen to have your views on any elements of the guidance that you consider to be out of date or that could be improved.

Comments on whether changes to the style or presentation might be amended to improve the usefulness of the guidance or its implementation are also welcome.

Please use this form to provide your comments by **22 November 2013**.

Please email your completed form to scottishdental.cep@nes.scot.nhs.uk, or mail to
