Intercollegiate Specialty Fellowship Examination in Dental Public Health

Part B - Management of Healthcare Delivery

The information below will be provided to candidates during assimilation.

Scenario

5 minutes assimilation/15 minutes examination.

Oral health improvement

A local commissioner of dental services asks for your support in developing a plan to reduce orthodontic waiting times in their area, which have doubled since 2019.

Be prepared to discuss how you would manage this situation.

Intercollegiate Specialty Fellowship Examination in Dental Public Health

Part B - Management of Healthcare Delivery

The questions below will not be available to candidates during assimilation, but will be asked by the examiners during the viva.

Scenario

5 minutes assimilation/15 minutes examination.

1. What additional information would it be relevant to seek prior to developing such a plan?
2. What might be the key elements of any plan?
3. What role might you personally play in development and implementation of any such plan?
