Introduction

The Faculty of Travel Medicine is a faculty of the Royal College of Physicians and Surgeons of Glasgow. Travel Medicine is a global discipline with significant international ramifications and the evidence base and literature in the subject are growing exponentially. As the Faculty is a UK institution, the syllabus and examination are centred on current UK practice, regulations and guidelines which do of course take account of developments in the field, world wide.

Familiarity with the sources outlined in this list will provide the reader with a satisfactory command of contemporary events in this field and will enable competent independent practice of the discipline.
