

Challenges in the Surgical Management of Inflammatory Bowel Disease

Tuesday 22nd January 2013

Engineers House, Clifton, Bristol BS8 3NB

This 1-day masterclass, designed for **colorectal surgeons**, **gastroenterologists** and **specialist IBD nurses**, will provide a multi-disciplinary forum to discuss the surgical management of patients with inflammatory bowel disease.

We are pleased to welcome **Professor Paris Tekkis** (Royal Marsden) and **Professor John Nicholls** (St Marks Hospital) to the expert faculty, led by **Mr Jamshed Shabbir** (Bristol) and including:

Aileen Fraser, Bristol

Ciaran Walsh, Wirral

Mike Williamson, Bath

Simon McLaughlin, Bournemouth

Tom Creed, Bristol

Walter Douie, Plymouth

Chris Vickery, Taunton

Jonathan Tyrrell-Price, Bristol

Paul Sylvester, Bristol

Steve Mansfield, Exeter

Tony Dixon, Bristol

Zarah Perry-Woodford, St Marks

Delegates attending this course will benefit from:

- Overview of emerging trends in medical treatment
- Update on clinical trials on medical vs surgical treatment
- Patient perspectives and experiences
- Challenges for management of Crohns disease
- Emergency surgery for Ulcerative Colitis
- Surgical video demonstrations to compare and contrast technique
- Multi-disciplinary discussions covering results and management of complications
- Interactive discussions on typical scenarios

A summary of the Timetable is attached
